Lobster Roll

Congratulations on your order of our Traditional Maine Lobster Roll. Included is fresh picked Maine tail, knuckle, and claw lobster meat, a tube of our mayonnaise dressing, sea-salted compound butter and four New England style hot dog rolls.

Preparation & Serving Instructions

- Store lobster meat, mayonnaise, sea-salted butter and New England style rolls under refrigeration until ready to serve.
- Place non-stick griddle pan on stovetop over medium heat for about two minutes.
- Use half of the sea-salted butter and melt in small saucepot over medium heat. Alternatively you could place butter in microwaveable safe dish for 30 seconds or until melted. Reserve warm.
- Place the remainder of the butter on griddle so it will begin to melt.
- Put hot dog rolls side-down on top of the griddle, 2 minutes per side or until they are perfect golden brown and warmed.
- Remove lobster meat from refrigerator and put in mixing bowl, add enough mayonnaise to coat the lobster meat evenly or as much as your personal preference.
- Remove toasted hot dog rolls from griddle.
- Evenly divide mayonnaise-dressed lobster meat and fill into each of the buns.
- Place on serving platter and (optionally) drizzle with the reserved melted sea-salted butter on top.
- Serve immediately and enjoy. Please check out www.mainelobsterpotpie.com for video demo instructions.
- Note: Lobster meat should be consumed within four days of arrival. Lobster meat, butter and rolls can be frozen up to one month. After freezing thaw lobster meat, rolls & butter in refrigerator overnight.
